

Project Title: Modernising Undergraduate Renewable Energy Education: EU Experience for Jordan

Acronym: MUREE

Project Number: 530332-TEMPUS-1-2012-1-JO-TEMPUS-JPCR

Funding Scheme: TEMPUS (Joint Projects, Curricular Reform)

Grant Agreement Number: 2012-3324/001-001

Duration 3 Years Starting on 15/10/2012

Coordinator: Princess Sumaya University for Technology (PSUT), Jordan

Project Manager: Professor Abdallah Al-Zoubi

Address: Khalil Saket Street 118, Amman 11941, Jordan

Tel: +9626 5359949 / +9627 77355299

Fax: +9626 5347295

Email: zoubi@psut.edu.jo

Deliverable Title	Training workshop at Mu'tah University		
Author	Professor Handri Ammari		
Organisation	Mu'tah University		
Deliverable No.	5.5		
Deliverable Type	Training workshop		
WP Number	5 Capacity Building		
Due Date of Delivery	28 April 2015	Project Month	30
Submission Date	28 April 2015	Project Month	30
Training Level	National		

- A training day workshop was organised and held for the students and participant stakeholders from local community interested in the renewable energy field in the southern region of Jordan on Tuesday 28/4/2015 from 10:00 to 12:00 at the Faculty of Engineering at Mu'tah University. The workshop was about transferring the gained experience of MU staff trained in EU to the attendees and participants in the workshop.
- A flyer of the workshop invitation and agenda was distributed to all students of the Faculty of Engineering at MU and posted to related stakeholder.
- One hundred and three (103) persons responded to the invitation and participated in this workshop. A complete list of participants is provided in Appendix II. Many of the staff and students attended the workshop completely while others attended either the first half or the second half according to their lectures' schedule.
- The Training workshop was entitled: "**Training Workshop in Renewable Energy at Mu'tah University**"
- The workshop started with a welcome speech by the Dean of the Faculty of Engineering, Professor Omer Maaitah, and then the Head of Mechanical Engineering Department, Dr. Ramadan Jabir.
- Afterwards, Professor Handri Ammari gave a brief description of MUREE project in addition to introducing all Jordanian universities that are partners in the project and EU universities and companies that are partners. The brief was given about the main objectives and training visits and activities carried out by MUREE partner national and European universities.

- Then, Professor Omer Maaitah delivered a powerpoint presentation on his training visit to TUB last year and explained his experience, activities and knowledge gained from the visit. The other four presenters; Imad halasah, Bashar Tarawneh, Walaa Sarayreh, Ammar Bany Ata all followed suit explaining their experience from their European training visits.
- Furthermore, Professor Ammari delivered a lecture about the planned implementation of solar PV systems at Mu'tah University, especially of the system to be designed that would cover all of the electrical power needs of the university.
- Finally, Professor. Ammari lectured about a sizing process of all components of a complete photovoltaic system, whether stand-alone or grid-connected system.
- Most of the participants expressed their pleasure and gratitude for this workshop.
